

Visual and Media Art Club

To develop visual and media literacy among students by equipping them the skills to recognise, understand and communicate their thoughts through diverse media and art forms.

Programme Outline

Using Media in Art

Students will be integrating and using media such as Photography (P2 experience), Animation (Stop Motion) and Procreate (App) in their art making process.

Hands on Experience

Students will experience traditional art forms such as Chinese Calligraphy, Batik and Pottery. Students will be using iPads and Procreate app to enhance the visual meaning of their artworks.

Public Gallery Experience

Selected artworks will be exhibited at external venue for art exhibition.

Our Plan

Our plan is to integrate media and visual arts together. As technology advances, we will have more opportunities to explore and learn new media art to enhance visual arts learning in the digital age.

Our Aim

Our aim is to participate in SYF Art Exhibition biannually (next exhibition is in 2025) and also to exhibit more artworks in school and in the public.
